SOS MARINE

SOS lifejackets are specifically designed for the requirements of NSW Maritime

SOS-6003 **SOS-6081-12**

SOS Marine has 30 years industry experience and the capacity to design-assist specialised safety equipment for the most demanding work-place requirements.

Design features

The lifejacket is a unique inflatable designed to be housed in an around the neck collar valise with adjustable waist belt.

Optional: The lifejacket can be attached to a mesh vest with a zipper fastening at the front with sufficient adjustment as to be worn over wet weather clothing.

Optional: The lifejacket may incorporate a 3 litre hands-free, personal hydration system, radio pouch and general cargo pocket on the rear and also a personal location beacon pocket and small cargo pockets on the front plus crutch straps.

The waist belt construction from 50mm webbing and features a stainless steel interlocking style buckle and D ring for attaching a lifeline.

A **SOLAS** flashing signal light has been fitted and is located on the front chest area. It is activated upon immersion in water and if necessary can be turned off during daylight.

SOLAS grade tape is located in a minimum of 6 places on the upper side of the buoyancy chamber.
A pea-less whistle is provided for use in water.
