# **SOS Marine appointed to distribute ACR products and emergency equipment in New South Wales**

ACR has appointed SOS Marine as its marine distributor for New South Wales. The ACR range compliments their well renowned man-overboard equipment of Inflatable Dan Buoys, Life Rafts and Rescue Equipment. SOS Marine is one of Australia's largest manufacturing companies designing innovative safety and rescue equipment.

Located in Sydney, SOS Marine has 30 years experience in developing life-saving products for naval forces (12 defence forces worldwide), search & rescue, boaters, skiers, kayaker's, pilots, hikers and outdoor enthusiasts. A spokes person for SOS Marine said "we welcome aboard ACR as a world leader in its field, as their products will enhance our existing range of products and be beneficial to our commercial customer base".

ACR is the leading development centre for emergency beacons and products including EPIRBs, Emergency Locator Transmitters (ELTs), Personal Locator Beacons, Search and Rescue Transponders (SARTs), Rescue Strobe Lights.

For further information about ACR products please contact Helen Mansour, SOS Marine, 23a Rochester Street, Botany NSW 2019 Telephone +61 2 97000233 email [Helen@sosmarine.com.au](mailto:Helen@sosmarine.com.au)
